

# Accident or Sin?

**Think** about each situation. Is it a sin? Is it an accident or mistake? Put an *X* in the correct box.

1. You aren't watching and bump into someone.
2. You get angry and push someone.
3. You take a book that does not belong to you.
4. You take a book that you think is yours.
5. You forget to make your bed.
6. You decide to watch TV instead of obeying your mother and making your bed.
